

## Press release

*Ocgrow Group Forms Strategic Alliance with Shaw Business to Deliver Fast, Fibre-based Connectivity that will Power the Future of Luxury Condo Living in Canada.*

September 9<sup>th</sup>, 2022, at 6:32 AM MST

***Ocgrow & Shaw Business will collaborate to provide an industry leading multi-family living experience, with exclusive services to VERTOS project in Greater Calgary.***

**CALGARY, CANADA, Sept 9, 2022** – Ocgrow Group ([www.ocgrowgroup.com](http://www.ocgrowgroup.com)) and Shaw Business ([business.shaw.ca](http://business.shaw.ca)), announced a new strategic partnership that will see Shaw Business extend its high-capacity fibre network into VERTOS ([www.liveatvertos.com](http://www.liveatvertos.com)), Ocgrow's latest flagship project in the new waterfront community of Greystone, located in Cochrane, Alberta.

As a result of this partnership, all residents living in the luxury garden-level condos & luxury townhomes at VERTOS will be able to access Shaw's consumer-focused internet, TV and home phone products and packages – including [Shaw Fibre+ 1.5](#) offering download speeds of up to 1.5 gigabits-per-second (Gbps).

In addition, residents will also have access to Shaw Gig WiFi, leveraging the [Shaw Fibre+ Gateway 2.0 modem](#) and next-generation WiFi 6 technology to provide faster internet speeds, reduced latency and minimized interference with neighboring WiFi networks when paired with WiFi 6-compatible devices.

“We are so excited to form this long-term strategic alliance with Shaw & it's incredible high-speed offering for our VERTOS project, to provide the future of smart condo living to Canadian residents in 2023 & beyond.” said Harish Consul, President & CEO of Ocgrow Group. “This is a very powerful new offering & we're thrilled to have Shaw join us with such an incredible host of services offered, for all new VERTOS owners to enjoy.”

“Western Canadians are using the internet more than ever before, and having access to a fast, consistent and reliable internet connection is a massively important consideration for people and families considering moving into or building their dream home,” says Katherine Emberly, President, Shaw Business. “As Western Canada's leader in consumer gigabit speed deployment, we are proud to support our partners at Ocgrow by deploying our advanced fiber

network into VERTOS and give residents access to the internet and TV products and services they're looking for to truly augment their at-home living experience.”

Shaw is Western Canada's leader in Gig speed internet, with ultrafast gigabit download speeds of up to 2.0 Gbps available to over a million more homes than TELUS. Shaw was recently verified by Ookla® Speedtest Intelligence® as Western Canada's fastest fixed broadband provider<sup>1</sup>.

Shaw pricing and packaging – including exclusive offers for VERTOS residents – will be made available as this luxury new community nears completion.
